11) Display Posts to particular group and also display the user's name who posted it.

```sql
SELECT
    grouposts.gid,
    CONCAT(
        registration.fname,
        ' ',
        registration.lname
    ) AS PostBy,
    post.pcontent,
    post.pid
FROM
    grouposts
LEFT JOIN post ON grouposts.pid = post.pid
LEFT JOIN registration ON post.rid = registration.rid
```
